

Chapter 1: Company Overview

Northwind Components was founded in 1998 in Rotterdam. The company manufactures precision bearings for wind turbines. It employs roughly 400 people across three facilities.

Chapter 2: Expense Policy

Employees may claim up to 85 euros per day for meals while travelling. Receipts are required for any single expense above 25 euros. Expense reports must be submitted within 30 days of the trip ending.

Chapter 3: Equipment Warranty

Standard bearings carry a warranty of 36 months from the date of dispatch. The warranty is void if the bearing is operated above 2400 rpm. Warranty claims are processed by the Rotterdam service desk.

Chapter 4: Support Hours

Technical support operates Monday to Friday, 07:00 to 19:00 CET. Emergency out-of-hours support is available to customers on the Platinum plan. The support desk aims to respond to critical incidents within two hours.
